

# BioPotassium 100

A high-quality potassium solution formulated on the basis of immediately plant-available potassium.

The fertiliser is made from the very best raw materials. BioPotassium 100 can be mixed with most pesticides.

Note that we assume no liability for any mixture with other fertilisers or pesticides. Before mixing with one or more pesticides, it is advisable to make a small test solution.

BioNutria Denmark will not be responsible for the effect of mixtures and guarantees only the content of BioPotassium 100.

## DOSAGE

Use BioPotassium 100 as needed. Recommended use: 5-10 L/ha. per treatment

## APPLICATION

BioPotassium 100 is mixed with a water volume of 100–200 L/ha.

As the product is absorbed through the leaves, good plant cover is important.

## SUPER ADJUVANTS

have been added to optimise both the absorption and effect of the added nutrients.

## HANDLING AND STORAGE

BioPotassium 100 must be stored in a frost-free environment and out of the reach of children.

When handling, you must wear protective gloves and eyewear.

## WARNING
