

BioNutria Zinc 115

Made from the very best ingredients allowed for organic use. Highly concentrated zinc fertiliser. Effectively corrects and prevents zinc deficiency in all crops. Special formulation with a very high content of immediately plant-available zinc. Also contains sulphur.

BioNutria Zinc 115 is an authorised non-organic product that can be used in organic farming in accordance with EU Regulation 848/2018.

APPLICATION

BioNutria Zinc 115 effectively addresses zinc deficiency in all crops. BioNutria Zinc 115 is a highly concentrated zinc fertiliser made from the best raw materials.

DOSAGE

The recommended annual dosage is 4–6 L/ha sprayed in several applications. The maximum dosage is used in corn and other zinc-intensive cultures.

Note that we assume no liability for any mixture with other fertilisers or pesticides. Before mixing with one or more pesticides, it is advisable to make a small test solution.

BioNutria Denmark will not be responsible for the effect of mixtures and guarantees only the content of BioNutria Zinc 115.
